FASHION LIFESTYLE QUALITY CHARACTER TRENDS PERSONALITY STORIES

TARGETING THE YOUNG LUXURY BUYER

FACES is the style-defining lifestyle magazine with character. It sets trends in fashion and style and is aimed at cosmopolitan, self-confident women and men who want to be entertained intelligently and who value a conscious and intelligent lifestyle.

FACES differs from other magazines in form and content, eschews the obvious, cultivates its own point of view and speaks the language of its readers: direct, charming and witty. This creates intimacy, trust and credibility.

When it comes to fashion, FACES is a source of inspiration for its readers and a creative platform for the new generation. Beyond fashion, FACES is about beauty, travel, culture, art design and, of course, people. The heroes of yesterday, today and tomorrow. Features, interviews, portraits - stories that provide topics of conversation.

FACES stands for the highest quality, inside and out. Popular collector's item on coffee table level paired with maximum relevance in the target group.
